We live at 6639 Jefferson Street in Yountville, just a few homes away from the Miller's home at 6651 Jefferson. I've met Ken Miller and his architect and have reviewed their development plans for their planned home and ADU. We are supportive of the project and believe that it would enhance the neighborhood, especially with the overall look and feel.

I look forward to seeing this project come to fruition.

We own the home at 6641 Jefferson Street, which is next to Miller's property at 6651 Jefferson Street. We would like to express our support for the development of their project. Ken Miller has shared the drawings and renderings his architect has prepared, and we would welcome the improvements. The home and ADU fit very well into the neighborhood, and we look forward to seeing the project getting approved by the Town.
