

NEW PROJECT/PROGRAM EVALUATION PROCESS

cre·a·tiv·i·ty

"The ability or power to create"

....Merriam-Webster

While the town of Yountville is certainly well known for food and wine it is also known for its dedication to the Arts and Culture, and our Community is encouraged to present new and exciting ideas for artistic, cultural, entertainment, and social events and programs.

The support and development of Yountville Arts is a core aspect of enhancing our residents' quality of life and contributing to the Town's identity.

Our Art Commissioners and Community are all encouraged to develop and bring new "out of the box" ideas to the full commission for discussion. Creative ideas that celebrate art and culture are welcome!

To enhance creative thinking, pursue your interests and your passions by exploring, visiting, learning, listening, and staying informed about areas that excite you.

The following proposal form has been developed to aid in focusing, preparing, and evaluating ideas for presentation to the Commission.
