

PUBLIC COMMENT ITEM 10. A.

1.) Hello,

I am aware the council will be discussing an application for R+D Kitchen to use its current location for picking up take home orders. My wife and I value the convenience of this service and feel it's current location serves the community well.

We respectfully ask you to consider approving the use application to allow R+D Kitchen to continue to offer this service at this space.

Mark and Michelle Eagle

Yountville, CA 94599

2.) Hello,

I am aware the council will be discussing an application for R+D Kitchen to use its current location for picking up take home orders. We value the convenience of this service and feel it's current location serves the community well. We respectfully ask you to consider approving the use application to allow R+D Kitchen to continue to offer this service at this space. Why is this even being considered as an issue?

Respectfully,

Patty and Tom Walsh

3.) Dear Mayor,

I am aware the council will be discussing an application for R+D Kitchen to use its current location for picking up take home orders. The current location is incredibly convenient, safe and a good point to pick up our order with less traffic impact. We use this take out location often. Since the pandemic, and the current influx of the flu season, we prefer not to go into restaurants and the takeout is a great way to support the restaurant and protect ourselves. We value the convenience of this service and feel it's current location serves the community well. We respectfully ask you to consider approving the use application to allow R+D Kitchen to continue to offer this service at this space.

Respectfully,

Ted and Jennifer Edwards

4.) Dear Mayor Reeves, and Yountville council members.

I wish to thank the city of Yountville for providing the pickup location for R&D Kitchen. It served us well through the pandemic and brought a sense of community spirit to the surrounding towns, including St. Helena and Calistoga. Over the past two years, I have been purchasing and delivering meals from several Yountville restaurants, especially R&D, for a few families, including my own, in the St. Helena and Calistoga area. I've seen how this amenity has manifested itself as an expression of broadening a sense of community spirit and support to it's surrounding neighbors.

Thank you for this amenity that has helped us through some challenging times, but more importantly, for serving to remind us the kindness and consideration we have been afforded by the city of Yountville.

Yours respectfully,

W. York Wong
790 Chiles, Ave.
St. Helena, CA 94574

5.) Dear Mayor Margie Mohler,

I acknowledge that the council is scheduled to deliberate on the application for R+D Kitchen to utilize its existing location for the purpose of picking up take-home orders. We greatly appreciate the convenience this service provides and believe that its current location effectively serves the community.

With utmost respect, we kindly request your consideration in approving the usage application, enabling R+D Kitchen to continue offering this valuable service at its current space.

Respectfully,

Anton Van de Plas

9.) We have been informed that the Council will be discussing an application for R+D Kitchen to use its current location for pick-up/take-home orders. This service was a godsend during the pandemic and continues to be our go-to service for take-out meals. We value the convenience of this service and feel its current location serves the community well. Please approve the application and allow R+D Kitchen to continue to offer this service from its current location.

Thank you.

Sincerely,

Charlie & Jill

10.) Hello. In regards to take home orders from R+D Kitchen

Please continue to allow this service. It is a wonderful benefit for a busy Napa local with a young family. I appreciate the consideration.

--

Sincerely,

DG

13.) Dear Councilmember,

I have been a Yountville neighbor since the days of Franky, Johnny & Luigi Too, Piatti's, The Dinner, and Red Rock among others. While I enjoy the caliber of dining experiences available in Yountville, I don't always feel like going out and prefer to pick up a ready to eat meal. I am aware the council will be discussing an application for R+D Kitchen to use its current location for picking up take home orders. I value the convenience of this service and feel it's current location serves the community well. I respectfully ask you to consider approving the use application to allow R+D Kitchen to continue to offer this service at this space.

Best Regards,

Joy Ramos

14.) Hillstone sent the message below to their listserve and that generated numerous emails to Council. Included for reference.

Subject: A message from R+D Kitchen - Yountville

Hello,

Did you know the Town Council of Yountville will be discussing on January 16th whether R+D Kitchen may continue to offer take home service in its current location? This space was set up so our guests could conveniently pick up take home orders during the pandemic. If you value being able to place take home orders from R+D Kitchen, please consider emailing the council members with a message of support. We've provided a suggestion below but any message in your own words would of course be appreciated.

Thank you,

R+D Kitchen
