SITE PLAN						
NOTES	DECLINING ENROLLMENT LED TO SCHOOL CLOSURE. SMALL MARKET & OLD BLDGS = NO LIKELY TENANT.	NUISANCE PLAN • BASIS FOR LAND PRICE • SITE + BLDGS. • HIGHEST + BEST IN A REGULATED LAND USE ENV IS A SHORT TERM ISSUE.	GOOD URBAN DESIGN <u>PART</u> DOESN'T PROVIDE LONG TERM FLEXIBILITY. EXISTING BLDGS HAVE SHORT LIFE TIME.	• AMENITIES + PUBLIC SERVICES HAVE MORE IMPORTANCE THAN MIXED USE HOUSING, • PARK IS SEPARATED FROM CREEK	• MOST RANGE OF OPTIONS WITH <u>ALL</u> EXISTING BLDG. (INC TOWN HALL) • ALSO MORE ADAPTABLE TO PHASING. • FLEX FOR BASEBALL DS. • KEEPS FUTURE CORNER ACTION.	• PUTS HOUSING + OTHER CIVIC STREET FRONTS MOST IMPORTANT, • EX SCHOOL BLDGS HAVE NO FUTURE • PARK IS REMOVED FROM PUBLIC STREETS.
