The background features a large, semi-transparent seal of Napa County. The seal is circular and contains a landscape with a sunburst at the top, a river in the middle, and a bunch of grapes at the bottom. The words "NAPA COUNTY" are written around the perimeter of the seal. Above the seal, the text "SINCE 1885" is visible. A red vertical bar is located in the top right corner of the page.

SINCE 1885

Technical Rescue Team Drill

This rescue drill simulated a car that had driven into an active utility trench and trapped two victims. Napa County's Rescue team secured the vehicle, stabilized the trench to prevent any further collapse and rescued the simulated victims. Napa County Fire trains for any and all incidents to provide the best service to the citizens we serve.

SINCE 188

9/11 Remembrance Memorial and New Truck 12 Push In Ceremony

(Right) Yountville Town Mayor Margie Mohler reflects on the 23rd anniversary of 9/11. Other speakers included members of Napa County Fire, Jennifer Brusstar from the Tug McGraw Foundation, and Napa County Board of Supervisor Anne Cottrell.

(Above) Station 12 personnel and the public are pushing the new Truck 12 into the apparatus bay to signify it is officially in service and available to serve the community. This tradition dates back to when the fire service had horse-drawn carriages and had to push the carriage into the barn after every call.

First Responder Fundraiser Event

Napa County Fire Personnel attended a Fundraising event at a local winery outside Yountville. Personnel assisted in setting up and flew an American flag over the event with the new Truck 12. Money was raised for a local mental health non-profit dedicated to helping first responders through PTSD.

Safety Messgae

Fireplace Safety

With the weather getting colder, we would like to remind residents to utilize safe practices when burning in their fireplaces.

- Have fireplaces cleaned and inspected at least annually to prevent chimney fires
- Never Leave fires burning unattended
- Ensure mesh or glass coverings are in place to prevent embers from blowing out of the fireplace into your home
- Ensure vegetation has adequate clearance above your chimney
