The background features a large, semi-transparent seal of Napa County. The seal is circular and contains a landscape with a sunburst at the top, a river in the middle, and a bunch of grapes at the bottom. The words "NAPA COUNTY" are written around the perimeter of the seal. Above the seal, the text "SINCE 1885" is visible. A red vertical bar is located in the top right corner of the page.

New Personnel to Station 12

With the departure of Fire Captain Tony Aston, we have a few new personnel to Station 12.

From left to right:

- Fire Apparatus Engineer Paul Bossard
- Fire Captain Pat Everett
- Fire Apparatus Engineer William Hinds

These employees are eager to become part of the community and serve the citizens of Yountville. If you see them out and about feel free to say hello!

Technical Rescue Drill

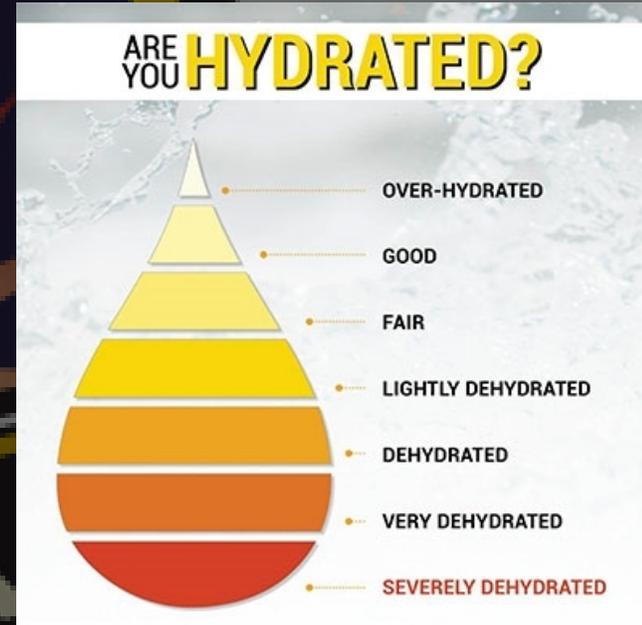

Napa Co. Technical Rescue Team conducted their monthly drill at Palmaz Winery in Napa. The team went through a confined space rescue drill to maintain proficiency in their skills

Safety Message

Defensible Space:

Even in town, maintaining defensible space is important to protect your home from ember-cast. In addition, it is important to ensure flammable items (firewood, trash, building materials) are not stacked up against your home.

Hydration

We have continued to see record-breaking heat with extended heatwaves in the state. It is imperative to keep up with hydration and drink plenty of water and an electrolyte solution periodically.
