Subject: [EXTERNAL] ZDRB. Proposed balcony at 8 Forrester
Date: Wednesday, March 3, 2021 7:37:37 PM

I feel the proposed balcony on the north side of 8 Forrester would have a negative impact on privacy of folks using the park AND of immediate neighbors. The houses in Washington Park are close together. It seems this addition could negatively impact sound and light in the neighborhood.
I hope the board will NOT approve this addition of a balcony.

Respectfully yours,
