MASTER FEE SCHEDULE

OVERVIEW

The Town Council of the Town of Yountville desires to comply with both the letter and the spirit of the California Constitution and limit the growth of taxes, by shifting, where possible, the burden of special regulatory programs and services and products directly to applicants and the recipients of the benefits thereof; and

In accordance with the Yountville Municipal Code, the Town Council further desires to continue its established policy of recovering costs reasonably borne of providing special services and programs of a voluntary and limited nature, and regulatory services deemed necessary to protect the public health, safety or welfare, such that general taxes are not diverted from general services of a broad nature and thereby utilized to subsidize unfairly and inequitably such special services.

PURPOSE

The Master Fee Schedule is hereby established in accordance with the Yountville Municipal Code and the recently adopted Fiscal Year 2017-2022 Strategic Plan elements related to Responsible Fiscal Policy: the Town Council further desires to continue its policy regarding charges to be recovered from users of certain Town service, and beneficiaries of certain Town programs, which the Town Council has determined are particularly important to protection of the public health, safety and welfare, and to direct Town staff as to the methodology for implementing this direction to encourage certain users of Town services to obtain permits and inspections.

GENERAL POLICY PRACTICES

1. Methodology for Calculation and Collection of Fees and Charges Established

The fees and charges established herein shall be calculated and collected in accordance with the Yountville Municipal Code and otherwise, as follows:

- a. Each fee and charge established herein is for an identified regulation, service or product; additional fees shall be required for each additional regulation, service or product that is requested or required.
- b. Where fees or charges are indicated on a per-unit of measurement basis, the fee is for each identified unit or portion thereof within the indicated range of such units.
- c. The fees or charges due shall be calculated by the various Town department(s), and shall be collected prior to the Town's performance of the services, unless a written agreement is entered into for deferral of such fees, or unless otherwise provided herein.

MASTER FEE SCHEDULE

- d. Where a deposit is required for the performance of a special service, the applicant shall post the deposit in accordance with the Yountville Municipal Code or other Town regulation and/or an actual cost based on contracted services. Where an additional deposit is required, the applicant shall post that amount estimated by Town staff to cover the balance of the services to be performed. The Town is not obligated to, but may, continue processing the application, until such time as additional deposit is made. Where an additional deposit is required for completed services, or where a refund of excess deposited monies is due, and where such charge or refund is ten dollars (\$10.00) or less, a charge or refund need not be made.
- e. Indirect Administrative Overhead Costs are defined to include the expenses incurred for other Town staff that is not directly billed to the project including the Town Manager, Finance Staff, Administrative and Clerical Staff, Human Resources Staff, Risk Management (including insurance programs), Information Technology and Communication services, Town web-site, printing, utility costs, and maintenance expenses for Town equipment and facilities and other overhead costs.

2. Annual Update and Modification Process

In order to maintain User Fee Cost Recovery Objectives, the Town Council of the Town of Yountville has adopted the following annual update process:

- a. Fees and charges shall be analyzed annually as a part of the Town budget process and recommendations for modification of methodology used to determine fees and consideration of new fees may be updated at the discretion of the Town Council.
- b. During the fiscal year, if the need arises, and appropriate documentation exists to justify a new fee or an increase to an existing fee, the Town Council may adjust fees.
- c. Changes to the Annual Update Process shall be made by action of the Town Council.
- d. Annual CPI based adjustment of existing fees and charges based on the annual percentage change in the Consumer Price Index (CPI), San Francisco Area for All Urban Consumers (CPI-U) using the February Report annually for the new fiscal year beginning July 1st of each year except for the utility enterprise fund rates which has a separately adopted five-year rate structure effective January 1st of each year pursuant to Resolution Number 2947-11 and the Parks & Recreation Camp Programs which will have a May 1 (summer season) effective date unless a later date is noted.
- e. Annual Building Permit fee valuations and adjustments are based on the current International Building Code Valuation Schedule and a Local Adjustment Modifier of 1.16% shall be added to the building permit valuation pursuant to Resolution Number 2364-05.

MASTER FEE SCHEDULE

- f. Development Impact Fees shall be automatically adjusted annually commencing July 1, 2006, and every July 1st thereafter. The fee adjustments shall be based on the increase, if any, in the Engineering News Record US 20 Cities average construction cost index for the June preceding the increase and the June one year prior thereto pursuant to Ordinance Number 362-06.

3. Subsidized Fees

The Town Council finds and determines that in order to promote the public health, safety and welfare, and to encourage certain users to obtain required permits and inspections, and to exercise their rights of appeal redress, it is desirable and necessary to provide a general fund subsidy of certain fees and charges. In effecting this policy, the Town Council acknowledges that there are some services provided by the Town that may be subsidized, such as the following which are provided for illustrative purposes: seasonal swimming pool operations, certain senior services programs, certain youth services programs, community based events and activities, community support via fee waivers for local non-profit organizations, tree removal permits, certain building permits, appeals to the Town Council, certain special event permit fees, and those specified by California State statutes.

¹ Minor Encroachment Permit - Any work outside of the travel way of the street that does not require a traffic control plan, such as sidewalk and driveway work less than 75 feet in length. If more than 500 square feet of Town right-of-way is required, then a medium or major encroachment permit is required. Work covered may also include placing dumpsters or temporary storage containers in the parking area of the street.						
² Medium/Regular Encroachment Permit - Any work within the travel way of the street or Town property that requires a traffic control plan, such as paving and utility trenching work. May also include lane closures over 10 minutes in duration and detours for other work.						
³ Major Encroachment Permit - Work within the travel way of the street that requires a traffic control plan, such as "off site work" related to a private development project that requires plan checking and/or numerous inspections, or for utilities that will be performing work in town and require similar safety, quality assurance, and permit compliance inspections.. The deposit will be set by the Public Works Director based on an estimate of costs. The amount of the deposit not spent, will be refunded when the work is complete.						
⁴ Penalty No Encroachment Permit - Penalty for commencing work without an encroachment permit is twice the original cost for Permit.						
Note 1: Contractors with a construction contract with the Town are not required to obtain an encroachment permit.						
Note 2: If a street has been <u>overlaid</u> within the past three years, then only emergency work is allowed. This includes natural gas leaks or earthquake repairs. In the event an emergency has caused an excavation in such a street, the Encroachment Permit fee shall be increased by the amount of \$3.00 per square foot of paving patch for every year (or portion thereof) remaining of the aforementioned three year period.						
Note 3: If a street has been <u>slurry sealed or received a similar treatment</u> within the past three years, then only emergency work is allowed. This includes natural gas leaks or earthquake repairs. In the event of an emergency has caused an excavation in such a street, the Encroachment Permit fee shall be increased by the amount of \$1.00 per square foot of paving patch for every year (or portion thereof) remaining of the aforementioned three year period.						
⁵ Improvement Plan Check Fee covers work to check improvement plans, review development agreements, maintenance agreements, geotechnical documents, and plats, legal descriptions and maps. The deposit will also cover water meter purchases, utility coordination, and inspections during construction. Preparing conditions of approval may be charged to the Planning deposit. The deposit will be set by the Public Works Director based on an estimate of costs. The amount of the deposit not spent will be refunded when the work is complete.

CONTRACT SERVICES						
ANIMAL CONTROL SERVICES						
Brief Description: The Town of Yountville provides Animal Control Services through its Contract with the County of Napa which has served the Town since the early 1980s and provides animal shelter services including, but not limited to, receiving and impounding animals, pet redemption, animal boarding, pet adoption and placement services, quarantine, micro chipping, spay and neuter, cat trapping program, and dead animal disposal.						
See Napa County Animal Control for Rate Structure						
CALFIRE - FIRE SERVICES						
Brief Description: The Town of Yountville provides public safety/fire protection and prevention services through the County and its contract with CAL FIRE which has served the Town since the 1930's. The Veterans Home has had a separate contract with CAL FIRE since 1982. Fire protection and prevention services for Yountville are part of a three way cost sharing arrangement between Napa County/CAL FIRE, the Town, and the Veterans Home with the costs to operate the station being split equally between the parties.						
See Napa County CAL FIRE for Rate Structure						
ELDER CAREGIVER PERMIT						
Brief Description: The Town of Yountville participates in the Countywide Permit System for Care Givers pursuant to Council adopted Ordinance Number 389-10 which added a New Chapter 5.32 to Title 5 of the Yountville Municipal Code. The County of Napa oversees this program through its Memorandum of Understanding with the Area Agency on Aging Serving Napa & Solano and the Town of Yountville. Permits are issued through the County of Napa Recorder's Office.						
See Napa County Recorder's Office for Rate Structure						
CONTRACT SERVICES (Continued)						
LIBRARY SERVICES (NAPA CITY-COUNTY LIBRARY SYSTEM)						
Brief Description: The Town of Yountville provides space for its library services through its long-term lease agreements with the County of Napa which have been in place since January 1978. The Napa City-County Library (NCCL) Yountville Station hours of operation are approved by the Napa County Board of Supervisors (BOS) and are determined by the "Cost Allocation Model" or CAM approved by the BOS in July 2010. The CAM has determined that the Yountville Station Library will provide 24 hours of library services per week.						
See Napa City-County Library for Rate Structure						
SHERIFF - LAW ENFORCEMENT SERVICES						
Brief Description: The Town of Yountville provides law enforcement services through its contract with the Napa County Sheriff's Department and has served the Town since 1992. The Town contracts with the County of Napa in lieu of operating its own police department. Law enforcement services provided include dedicated deputy sheriff patrol coverage, enforcement of State statutes, Town codes and ordinances; traffic enforcement; all detective, juvenile, and other specialized services of the type customarily provided by the Sheriff in the unincorporated area of the County; participation in DARE program; and attendance at Town Council, commission, and other Town meetings as requested. Other law enforcement services include, but are not limited to, personnel and support services, dispatch services, equipment and technology, vehicles, administrative support, risk management and liability insurance costs and special law enforcement services beyond the Town's typical staffing and overtime levels. Through its contract with the County of Napa, the Town authorizes the Sheriff's Department to bill, collect, or otherwise charge the various fees for services in the same manner in which the Sheriff's Department has authority to charge in the unincorporated area of Napa County.
